Energy-Storage.news" publisher Solar Media will host the 9th annual Energy Storage Summit EU in London, 21-22 February 2024. This year it is moving to a larger venue, bringing together Europe's leading investors, policymakers, developers, utilities, energy buyers and service providers all in one place. Visit the official site for more info.

About the Energy Park. The Energy Park is among the world's best locations for establishing green industries aiming to capture and store CO₂ or to produce climate-friendly products with short-distance access to necessary resources.. The Energy Park is the first location in the world to include the entire value chain for carbon capture and storage (CCS) from start to finish.
