

# 12V 250Ah Just Electrical Appliances

What is a 12V 250Ah battery?

The NPP 12V 250Ah battery is a 12-volt deep cycle sealed lead acid battery that can build 24V, 36V, and 48V battery banks. It is designed for home energy storage, off-grid battery, and solar battery applications, and is compatible with various inverters, MPPT, and chargers. This 12V 250Ah Gel battery provides a maximum of 1200+ deep cycles and 3000Wh energy, making it more capable than a standard 12V 200Ah battery.

How long does a 12V 250Ah battery last in cycles?

The 12V 250Ah Battery from NPP has a lifespan of more than 1200 cycles. It is maintenance-free and spill proof due to the AGM & VRLA (valve regulated) technology that eliminates spills and overpressure.

What is the capacity of the NPP 250Ah battery?

The NPP 250Ah battery has a capacity of 250Ah. Its dimensions are 20.51 x 10.59 x 8.66 inches, with a total height of 8.82 inches and a weight of 164.2 lbs. The NPP battery features smooth discharging voltage and a mild discharge platform. It can be stored almost two years with electrification, which is four times more than traditional AGM batteries.
