

12V 42Ah GEL Battery TCS Battery

What is a PG-12V45 battery?

The PG-12V45 is a long service life VRLA battery, part of Power Sonic's PG range of sealed lead acid batteries, specifically designed for critical standby power applications.

What is a DCG12-50 battery?

The DCG12-50 is a deep cycle gel battery from Power Sonic's DCG range, designed for superior performance in cyclic applications.

Why should you buy a Lucas lslc42-12 deep cycle battery?

These quality manufactured batteries are capable of delivering up to 30% more deep cycling, making them a reliable source of power for more trips, longer journeys and longer battery life. Buy the LSLC42-12 Lucas AGM Deep Cycle Battery is the perfect choice for powered wheelchairs, electric mobility scooters, lifts, hoists and the UPS market.

What is the difference between pg-12v45 and dcg12-50?

The PG-12V45 FR is part of our PG range of long life sealed lead acid batteries (VRLA), while the DCG12-50 is part of our DCG range of deep cycle gel batteries. Both have been designed specifically, the PG-12V45 for long life applications, and the DCG12-50 for superior performance in cyclic applications.

TCS Battery a été créée en 1995 et s'est développée en une entreprise globale intégrant la recherche et le développement, la production, la commercialisation et le ...
