Energy and climate-related policies have been accelerated by both state and federal governments, and for many companies the time feels right to invest in energy storage. This event gathers together investors, developers, IPPs, grid operators, policymakers, utilities, energy buyers, service providers, consultancies and technology providers under one roof.

If you would like to present a case study or be part of a panel session at our 10th Energy Storage Summit, on 17-19 February 2025, then please get in touch with the Head of Content, Energy Storage Events, Lucy Jacobson-Durham to discuss speaking opportunities next year.. After a successful debut in 2024, our Breakout Zone is making a comeback in 2025. . Learn more ...
