"As the energy storage industry continues its impressive growth, the inaugural ACP RECHARGE is the place to be for the latest on financing, technology, and markets. I'm excited to see our energy storage leaders in Portland to celebrate successes, exchange insights, and drive the next phase of storage advancements.

During 2024 and 2025, falling equipment prices and supportive policies will accelerate the development of U.S. energy storage market. However, C&I energy storage sees limited growth and requires more time to yield progress, given its premature market mechanism and suppliers failing to introduce effective profit models to manufacturers.
