Why is energy storage important?

Storing renewable energy so that it can be used not only when produced,but when it is needed,is one of the greatest barriers to the clean energy transition. Energy storage is the missing link in the sustainable energy system.

BST founded in 2002, is an international new high-tech enterprise listed on the NEEQ (Stock Code: 831373). BST specializes in R& D, manufacturing, sales and marketing of rechargeable 26650 LiFePO4 cell, high temperature Ni-Cd& Ni ...
