

# 5Kwh 48V100Ah Lithium Battery Module

## Junlee Energy

How long does a 48V 100Ah battery last?

This 48V 100Ah Lithium battery has a cycle life of over 6000 cycles @80% DOD and is designed to last 15-20 years. This 5kWh battery is compatible with most 48V inverters on the market and is already listed with Victron, Studer inverters.

How many kWh is a BSLBATT lithium ion battery?

It has an impressive 5.12 kWh battery capacity, but more importantly, it also boasts a 15 Year Cycle Life, which is twice that of lead acid technology. The BSLBATT 48V 100Ah lithium ion battery is protected against over-voltage and short-circuits with IP23 protected shell.

Which Powerwall battery is compatible with a 48V inverter?

This 5kWh battery is compatible with most 48V inverters on the market and is already listed with Victron, Studer inverters. Built-in intelligent battery management system can provide various protection functions for Powerwall battery to avoid property loss in advance.
