

What makes XTM dc12-100agm a good battery?

The impact-resistant ABS casing adds an extra layer of durability, making it an ideal choice for various power-hungry scenarios. The XTM DC12-100AGM Deep Cycle battery delivers 100 amp hours of power, backed by an 18-month warranty for your peace of mind.

What is XTM AGM deep cycle battery?

Ensure a continuous power flow on your adventures with the XTM AGM Deep Cycle Battery. Engineered for durability, this maintenance-free battery is your reliable companion for repeated deep discharges, boasting a lengthy life cycle.

Which AGM batteries should be connected to a Renogy deep cycle battery?

It is recommended to connect batteries with the same type (AGM), same voltage (V), and same capacity (Ah) from the same brand. **Leading AGM Batteries?** With over 230,000 units sold worldwide in the past six years, Renogy Deep Cycle AGM batteries have earned widespread trust from customers globally.

How long can a Renogy AGM battery last?

Featuring a 1100A (5 seconds) max discharge current and consistent, stable discharge, the battery can power most home appliances, including a fridge, microwave, CPAP, coffee maker, laptop, and more. Thanks to its monthly self-discharge rate below 3% at 77°F (25°C), you can store your Renogy AGM batteries for up to 6 months without charging.

How do AGM batteries work?

AGM batteries use Absorbent Glass Mat technology, where the electrolyte (a mixture of water and sulfuric acid) is absorbed into a fiberglass mat separator. This design eliminates the need for free-flowing electrolyte and makes the battery maintenance-free and spill-proof.

What can a 1100a battery power?

Power Most Appliances? Featuring a 1100A (5 seconds) max discharge current and providing consistent, stable discharge, the battery can power most home appliances, including a fridge, microwave, CPAP, coffee maker, laptop, and more. **Up to 6-Month Shelf Life?** No need to recharge the battery for a maximum of 6 months when not in use.
