

## AGM 12-100

What is the AGM-12 Bullpup?

The AGM-12 Bullpup is a short-range air-to-ground missile developed by Martin Marietta for the US Navy. It is among the earliest precision guided air-to-ground weapons and the first to be mass produced.

How long does an AGM battery last?

The lifecycle of the AGM battery is 600 cycles. The battery lifespan will depend on the usage, if you will always drain your battery then it will shorten the life span. You can call us at (909) 287-7100 or visit [Renogy.com](http://Renogy.com). We're open Monday through Friday from 8:30 am to 3 pm PST. Hi, Thank you for sending your inquiry.

What is a deep cycle AGM battery?

Deep cycle capabilities: AGM batteries are designed for deep cycling, meaning they can repeatedly discharge and recharge without significant loss of performance or capacity. This makes them suitable for applications that require frequent cycling, such as renewable energy systems and electric vehicles.

How long can a renogy AGM battery last?

Featuring a 1100A (5 seconds) max discharge current and consistent, stable discharge, the battery can power most home appliances, including a fridge, microwave, CPAP, coffee maker, laptop, and more. Thanks to its monthly self-discharge rate below 3% at 77°F (25°C), you can store your Renogy AGM batteries for up to 6 months without charging.

What are AGM batteries?

AGM batteries are a specific design within the lead-acid battery category. AGM batteries use Absorbent Glass Mat technology, where the electrolyte (a mixture of water and sulfuric acid) is absorbed into a fiberglass mat separator. This design eliminates the need for free-flowing electrolyte and makes the battery maintenance-free and spill-proof.

Which AGM batteries should be connected to a renogy deep cycle battery?

It is recommended to connect batteries with the same type (AGM), same voltage (V), and same capacity (Ah) from the same brand. **Leading AGM Batteries?** With over 230,000 units sold worldwide in the past six years, Renogy Deep Cycle AGM batteries have earned widespread trust from customers globally.

o 12V 100Ah Deep Cycle AGM Battery o Group 31 Battery Size (13x6.7x8.4 in) o 3% Low Self-discharging Rate o Zero Maintenance & 12 Months Warranty o Suitable for Trolling Motors, RVs, Solar, Marine, Camping, and Off-Grid ...
