

Brief speech at the energy storage industry forum

Minister of Finance Nirmala Sitharaman holds the budget's iconic red cloth folder in 2021. Image: Gov't of India Press Bureau. The Indian government's decision to classify grid-scale energy storage as infrastructure addresses the industry's "biggest concerns" by making investments easier to facilitate, Energy-Storage.news has heard. As part of the Union Budget ...

The company focuses on stationary Energy Storage across all applications from Residential, Self - Consumption and Microgrid through to large scale stationary storage. We are Europe's first conference dedicated solely to energy storage since 2010. All of our Forum's culminate with the unique Building the Action Plan feature.

Industrial emissions have been steadily on the rise and could soon exceed emissions in the power sector as it continues its successful decarbonization efforts. As demand for industrial commodities grows in developing nations, it matters where these goods are produced. In the U.S., manufactured products are 40% more carbon efficient than the world ...
