Battery energy storage set to make Oman debut. Published: 6:51 PM, Dec 15, 2019. 1396165. Listen. MUSCAT, DEC 15 - Battery energy storage is set to make its debut on a significant scale in the Sultanate as part of the planned development of a series of small-scale solar PV - diesel hybrid projects across Oman.

On Ilha do Maio Águas e Energias do Maio (AEM) has already started producing water using one hundred percent photovoltaic energy, an investment that will reduce production costs by around 65%. This investment happened at a "good time", since the country and the world are facing an increase in the price of oil and its derivatives and, consequently, ...
