

China's Largest Stand-alone Energy Storage Station with Hithium LFP Battery . A stand-alone energy storage station that has a capacity of 200 MW/400 MWh has been connected to the grid in China's Ningxia. Chinese conglomerate behind the project Hithium Energy Storage made the announcement. ... (Battery-based Energy Storage system) tender ...

China is targeting a non-hydro energy storage installed capacity of 30GW by 2025 and grew its battery production output for energy storage by 146% last year, state media has said. The statement from the National Development and Reform Commission (NDRC) and the National Energy Administration said the deployment is part of efforts to boost ...

The Emirates Water and Electricity Company (EWEC), a leading authority in coordinating water and electricity supply across the UAE, announced an open invitation for developers and developer consortiums to express their interest in developing a pioneering 400-megawatt Battery Energy Storage System (BESS) power project.

Alongside its gravity energy storage solution, Energy Vault is also deploying short-duration battery energy storage projects for numerous customers in the US as well as green hydrogen. Read all coverage of the company here. The company is targeting US\$325-425 million million in 2023 revenues, lower than initial guidance communicated in late 2022.

A separate solar and storage project Scatec is building in South Africa, awarded to the firm through another procurement. Image: Scatec. Norway-based IPP Scatec has won preferred bidder status for a 103MW/412MWh battery energy storage system (BESS) project in South Africa, part of a 513MW tender.

NTPC, India's biggest electric power utility with a 76GW generation fleet, has opened a tender for a long-duration energy storage (LDES) flow battery project. NTPC posted a tender document to its site last week (14 June), making an invitation for bids (IFB) to supply, install, commission and integrate a vanadium redox flow battery (VRFB) of ...

The Republic of Maldives has reopened a tender process, seeking to procure 40MWh of battery energy storage systems (BESS) in an energy transition project supported by World Bank funding. The South Asian island nation's Ministry of Environment, Climate Change and Technology announced the reopening this morning.
