

# ESS RW-M5 3 Pro Low Voltage Storage Deye ESS

What is a Deye rw-m5.3 pro LFP battery?

Invest in the Deye RW-M5.3 Pro LFP Battery and experience a safer,more reliable,and flexible energy storage solution that adapts to your needs. The Deye RW-M5.3 Pro is a state-of-the-art Lithium Iron Phosphate(LFP) battery designed for both residential and commercial applications.

#### What are the features of Deye ESS RW-F?

All-in-One Energy Storage System With Integrated 3kW Hybrid Inverter And 5.3kWh Battery. LFP Battery For Safer Operation And Longer Lifespan. Intelligent BMS Provides Complete Protection. IP65 Enclosure. Modular Design, Expandable Up To 32 Units. Remote Monitoring And Upgrade. Max. Discharge Current Max. Charge Current Deve ESS RW-F...

#### How efficient are ESS batteries?

Our ESS battery products boast industry-leading efficiency rates, with inverter efficiency reaching up to 97.60% and charging/discharging efficiency of 95.50%. Our meticulous approach to battery technical specifications ensures optimal performance, enabling your clients to maximize their energy storage capabilities.

## Why should you choose Ningbo Deye ESS Technology?

Our meticulous approach to battery technical specifications ensures optimal performance, enabling your clients to maximize their energy storage capabilities. Elevate your product offerings and meet the growing demand for sustainable and efficient energy solutions by partnering with NINGBO DEYE ESS TECHNOLOGY CO., LTD.

#### How many batteries can a rw-m5.3 Pro have?

Flexible: With a modular design, the RW-M5.3 Pro is easy to expand, allowing for a maximum of 32 unitsin parallel and a total capacity of up to 170 kWh. Convenient: The battery modules feature auto-networking for easy maintenance, remote monitoring, and firmware upgrades via USB drive.

## What makes Deve ESS a great battery?

At DEYE,technical excellence is our hallmark. Our ESS battery products boast industry-leading efficiency rates, with inverter efficiency reaching up to 97.60% and charging/discharging efficiency of 95.50%.
