Chen was meeting with the site for an interview at this week's Energy Storage Summit EU, hosted in London by our publisher Solar Media. Trina Storage officially launched at the 2021 edition of the show, and at last year's edition unveiled the first completed 50MW project it delivered, for UK developer SMS in Cambridgeshire, England.. The UK's highly active ...

So, in a period of some really big news about some really big projects, the BloombergNEF's fresh release of a Tier-1 energy storage supplier list may be less tangible than a 1GWh BESS, but it could turn out to be an important moment, if it becomes as accepted and used to guide financial decisions as its solar PV equivalents.

The project, which was revealed by Grenergy in November 2023, will pair 1GW of solar PV with 4.1GWh of energy storage, which the company said makes it the largest energy storage projects in the world. "The agreement with a leading company like BYD demonstrates our firm commitment to energy storage and represents a major step forward in securing the supply ...
