

How much power does a fenecon commercial 30 have?

The FENECON Commercial 30 offers power from 30 - 90 kW and is modularly expandable from 32 - 357 kWh capacity. The lithium iron phosphate battery modules can be retrofitted modularly to increase power and capacity. The long-life systems are emergency power capable when the optional mains disconnection point is installed.

What is FENECON Commercial 30?

FENECON Commercial 30 is a battery system consisting of safe and durable Lithium Iron Phosphate (LiFePO₄) batteries. It allows you to increase your own electricity consumption and reduce your electricity purchase from the grid, providing more energy and less power from the grid. For further information, please refer to our warranty conditions.

What makes fenecon commercial 30 a good storage system?

FENECON Commercial 30 is a good storage system because it is modular and back-up power-capable, allowing it to set up its own power grid. It consists of safe and durable Lithium Iron Phosphate (LiFePO₄) batteries.

What is fenecon's 'home' & 'commercial' product series?

With its 'Home' product series, the manufacturer FENECON offers an intelligent home storage solution. With the large-scale storage systems 'Commercial', FENECON offers reliable electricity storage solutions for industry, commerce or energy suppliers.

Why should you choose fenecon?

With the large-scale storage systems 'Commercial', FENECON offers reliable electricity storage solutions for industry, commerce or energy suppliers. Is ideal for private homes and small businesses with their own PV system and a few e-car charging points. It is 3-phase emergency power capable with solar recharging and skew-load capable.

Flexible power and capacity. **Flexible:** Increase your own electricity consumption and reduce your electricity purchase. **Modular:** Expand power in 30 kW & capacity in 3.5 kWh steps. ...
