

What is a fenecon commercial 50?

The FENECON Commercial 50 is aimed at commerce, industry, larger charging parks and also grid operators. With an output of 50 - 250 kW and modularly expandable capacity of 70 - 1,400 kWh, it offers a wide range of applications as an indoor or outdoor variant.

How much power does a fenecon commercial 30 have?

The FENECON Commercial 30 offers power from 30 - 90 kW and is modularly expandable from 32 - 357 kWh capacity. The lithium iron phosphate battery modules can be retrofitted modularly to increase power and capacity. The long-life systems are emergency power capable when the optional mains disconnection point is installed.

What is fenecon's 'home' & 'commercial' product series?

With its 'Home' product series, the manufacturer FENECON offers an intelligent home storage solution. With the large-scale storage systems 'Commercial', FENECON offers reliable electricity storage solutions for industry, commerce or energy suppliers.

Why should you choose fenecon?

With the large-scale storage systems 'Commercial', FENECON offers reliable electricity storage solutions for industry, commerce or energy suppliers. Is ideal for private homes and small businesses with their own PV system and a few e-car charging points. It is 3-phase emergency power capable with solar recharging and skew-load capable.
