A flat roof is a roof which is almost level in contrast to the many types of sloped roofs. The slope of a roof is properly known as its pitch and flat roofs have up to approximately 10°. Flat roofs are an ancient form mostly used in arid climates and allow the roof space to be used as a living space or a living roof. Flat roofs, or "low-slope" roofs, are also commonly found on commercial buildings through...

You can write off every penny you spend with EverSeal this year if you like. Our flat roof systems are 100% tax deductible this year under IRS Section 179. Lower your energy bills up to 35% every single month. EverSeal flat roofing systems ...
