

# FlinCharge 51 2V 100Ah 5kWh LiFePO4 Battery Flin Energy

What is flincharge battery?

Introducing FlinCharge,an exquisite lithium batteryfor seamless integration with Flin Energy Solar Inverters,delivering sustainable power solutions. With its cutting-edge technology and advanced Battery Management System (BMS),FlinCharge handles an impressive 150A discharge current on a compact 100Ah battery.

How long does a flincharge battery last?

With its cutting-edge technology and advanced Battery Management System (BMS),FlinCharge handles an impressive 150A discharge current on a compact 100Ah battery. Its extraordinary lifespan of up to 8000 cyclesensures longevity beyond a decade,allowing you to confidently embrace a power-centric lifestyle.

What is flincharge RS485?

FlinCharge offers seamless RS485 communicationbetween FlinCharge and Flin Energy Solar Inverters. With these remarkable specifications,our product ensures durability and longevity,providing reliable power storage for your solar energy system.

How long does a flincharge last?

Its extraordinary lifespan of up to 8000 cyclesensures longevity beyond a decade,allowing you to confidently embrace a power-centric lifestyle. With the ability to support a substantial 6kW load,FlinCharge offers peace of mind,freeing you from power interruptions and enabling you to enjoy life's precious moments.

What is flincharge & how does it work?

With the ability to support a substantial 6kW load, FlinCharge offers peace of mind, freeing you from power interruptions and enabling you to enjoy life's precious moments. Experience elegance, reliability, and sustainability with FlinCharge--a masterpiece of energy storage technology.

What is a flincharge ESS battery?

FlinCharge ESS is one of the rare batteries that aloows a 150Amps discharge current on a 100AH battery.The FlinCharge ESS battery packs boast an impressive cycle life,with up to 8000 cycles at 60% depth of discharge (DOD) while maintaining over 50% capacity,or 2000 cycles at 90% DOD with over 80% capacity.
