

Flooded Monobloc 12 Volt Wet 2393 East Penn

What are Deka solar flooded monobloc batteries?

Deka Solar Flooded Monobloc batteries are designed to offer reliable, low-maintenance power for renewable energy applications where frequent deep cycles are required and minimum maintenance is desirable. The Deka Solar Flooded Monobloc series include 3 cell (6 volt) and 6 cell (12 volt) batteries.

What is East Penn's Deka UltraBattery?

East Penn provides the highest quality battery solutions to maximize the efficiency, sustainability, and performance of renewable energy. The innovative Deka Ultrabattery brings advanced lead battery technology to today's highly intelligent energy management systems.

Are gel monobloc batteries spill-proof?

Our valve-regulated gel monobloc series offers reliable, versatile, maintenance-free power with longer discharge and shorter re-charge times. The gelled electrolyte enables these batteries to be completely spill-proof, providing many available options for installation.

What is East Penn's commitment to the environment?

Our steadfast commitment to quality and environmental standards has helped us achieve globally recognized certifications. East Penn has always been committed to taking actions that protect the health, safety, and vitality of our environment, our employees, and the surrounding community.
