

Gel Battery 250AH 12V Easun Power

Are easun power batteries reliable?

EASUN POWER's LiFePO₄ batteries are highly efficient and reliable. Made with Lithium Iron Phosphate, they outshine other types in safety and longevity. Equipped with a top-tier Battery Management System, they provide optimized performance across a variety of applications.

How many cycles can a gel 12V 250ah keep?

At minus 15° (minus 5 degrees F), the capacity also can up to 65%. GEL 12V 250AH Keep high cycle life at 25° (77°), 600 cycles at 80% DOD and 2300 cycles at 30% DOD.

How long does a 12V 250ah battery last?

GEL 12V 250AH Keep high cycle life at 25° (77°), 600 cycles at 80% DOD and 2300 cycles at 30% DOD. By using our revolutionary unique heat sealing and TTP welding technology, the battery has perfect performance in maintenance-free which can be used in outdoor and indoor environments without leaking or maintenance making it best in its class.

What is JYC gel series battery?

JYC GEL series battery is manufactured with special separators and silica gel immobilizing the electrolyte inside the battery. The proven silica gel technology can improve battery cycle life and performance at wider temperature range. The deep discharge cycle life is increased 50% compared with the JYC GP series battery.

How long does a gel battery last?

The battery can conquer harsh environment, long lasting high performance in high and low temperatures. 12V GEL battery is designed for 12 years life time floating design life at 25°, 2V GEL battery is for 18 years. At minus 15° (minus 5 degrees F), the capacity also can up to 65%.
