

IFM Customized

Who is IFM efector?

ifm efector, inc. is an ISO 9001:2015 certified world leader in the manufacturing of sensors and controls for industrial automation. With our US headquarters and warehouse situated in Southeastern Pennsylvania, we are poised to serve our 26,000 customers nationwide.

Why should I choose IFM products?

IFM products are chosen for their ability to control flow in pipes, monitor pressure in lines, and provide valve control, among other applications. IFM is a trusted supplier in the Food & Beverage Industry. European Electronics stocks and supplies IFM Products, ensuring top quality with Warranty and fast delivery.

How do I contact IFM?

ifm provides high performance products at a great value to help you compete in your business. Since you're dealing directly with the manufacturer, you can expect immediate customer support. For assistance, call 800-441-8246, and you will be greeted by a pleasant voice instead of an automated attendant.

What's new at IFM?

Another group at IFM is focusing on new battery materials and developing high energy density electrodes, through the new ARC Industrial Transformation Research Hub for Safe and Reliable Energy.

What is ifm electronic GmbH?

ifm electronic gmbh - Automation made in Germany. Quality, innovation, exceptional service and more than 40 years close to the user: ifm electronic is the right choice in terms of automation.

What can I do with Moneo & IFM?

Unlock the hidden potential of your data with moneo, the IIoT platform from ifm. Obstacle detection for autonomous mobile robots can speed up development and add end-user value by increasing OEE. Monitor the health of your dry vacuum pump to improve uptime and decrease scrapped semiconductor wafers due to particulate contamination.
