

IFR26650 3000mAh PAC Battery

What is ifr26650-3000mah?

Discharge Current (Long Pulse) Max. Discharge Current (Short Pulse) IFR26650-3000mAh is a 3.2v 3ah high rate LiFePO₄ cellof PLB with long life,high security,high consistency. It is widely used in engine starting,data center interruption power supply (UPS),etc.

What is ifr26650 lithium battery?

The IFR26650 batteries include IFR26650-3000 lifepo₄ battery cell, IFR26650-3300 lifepo₄ battery cell, IFR26650-3500 lifepo₄ battery cell and IFR26650-4000 lifepo₄ battery cell. With advanced technologies and experienced R&D Team, we, as one of lithium ion battery manufacturers, can ensure high performances of lifepo₄ lithium battery.

What are the advantages of custom LiFePO₄ ifr26650 battery pack?

LiFePO₄ IFR26650 3.2V 3000mAh cylindrical cell and li ion customized battery manufacturing Custom lithium battery pack is environmentally friendly,which will not destroy the ecological environment,also have no memory effects.

What is a 26650 LiFePO₄ battery?

The 26650 LiFePO₄ battery consists of positive electrode material, negative electrode material, electrolyte, separator, and casing. The positive electrode material utilizes LiFePO₄, which offers high safety and long cycle life. The negative electrode material employs graphite, which can intercalate and release lithium ions.

What are the advantages of a 26650 lithium iron phosphate battery?

Advantages of the 26650 Lithium Iron Phosphate Battery The 26650 LiFePO₄ battery has a high volumetric energy density. Compared to lead-acid batteries,it offers approximately 1.5 times the energy density,meaning that for the same capacity,the 26650 LiFePO₄ battery occupies around 2/3 of the volume of a lead-acid battery.

High quality 3S1P 18650 Battery 3000mAh, 11.1V Rechargeable Lithium Ion Battery Pack For LED Light from China, China"s leading rechargeable lithium batteries product, with strict quality control battery pack for led lights factories, ...

Please choose our expandable battery holder module to build any battery pack easily. For charging single cell, Please choose our Long C size (26650) cell battery holder with wire leads + 3.2V (3.0A) LiFePO₄ smart charger (1.65 hrs ...
