Lead Carbon Series Ritar Power

DC- C series is lead carbon battery and carbon material with high capacitance and high conductance is added into the negative electrode, combining the advantages of lead acid batteries and super capacitors. Lead carbon battery ...

RT series is a general purpose battery with 6~8 years design life in float service . It meets with IEC and JIS standards .With up-dated AGM valve regulated technology and high purity raw materials, the RT series battery has reliable standby service life. It is suitable for UPS/EPS, medical equipment, emergency light and security systems applications.
