

LiFePO4 12 8V80Ah

What is a 48V LiFePO4 battery?

Canbat 48V lithium batteries come with a built-in battery management system (BMS), which protects against low temperature, high temperature, over-discharge, over-recharge and internal short-circuits. If you're looking for a large 48V LiFePO4 battery for your RV, boat, cabin or home, we've got you covered.

What is a LiFePO4 deep cycle battery?

Check out the 100AH 12.8V LIFEP04 Deep Cycle Battery from Norsk. LIFEP04 Deep Cycle Battery Half the weight and 2X the run time capacity as most traditional lead batteries! These batteries are engineered with Lithium Iron Phosphate (LiFePo4) chemistry which is the right choice for these applications!

What is the price of a 12V 280Ah LiFePO4 battery?

The price of a 12V 280Ah LiFePO4 battery from Sun Fun Kits is \$295/kWh! An error occurred while retrieving sharing information. Please try again later.

How long does a LiFePO4 battery last?

It also has a longer lifetime and is a more lightweight alternative to lead-acid batteries. LiFePO4 retain 100% of their capacity even for 3000 charging cycles and thus they provide over 10 years of operation. Due to its low self-discharge rate the battery will be fully ready for operation even after a year of storage.
