

MRac Roof Solar PV Mounting System Matrix I Two Sides Mibet Energy

What is MRAC floating PV mounting system G4S?

MRac Floating PV Mounting System G4S is applied to solar pv power plant installation on the water. Adopting HDPE material, it has passed the Hunt Water Absorption Test, Anti-Aging Test, Anti-UV Test etc. MRac Roof Solar PV Mounting System Matrix I is a non-penetration solution for flat rooftop.

What are MRAC products?

Its products comprise of a series of high-tech ones, including Ground mounting system, Carport system, Agricultural greenhouse mounting system, Rooftop mounting system, MRac floating system, MRac distribution system.

What is MRAC pole rack system G4S?

MRac Pole Rack System is a ground PV mounting system to be applied for the installation of solar PV project on uneven lands like hillside, suitable for off-grid systems and telecom stations. MRac Floating PV Mounting System G4S is applied to solar pv power plant installation on the water.

What is MRAC ground solar PV mounting system GT7?

MRac Ground Solar PV Mounting System GT7 is applied for the installation of large-scale and utility-scale solar PV power plant. MRac Ground Terrace GT8 is a cost-effective solution applied for the installation of large-scale and utility-scale solar PV power plant.

What is MRAC ground terrace GT8?

MRac Ground Terrace GT8 is a cost-effective solution applied for the installation of large-scale and utility-scale solar PV power plant. MRac Pole Rack System is a ground PV mounting system to be applied for the installation of solar PV project on uneven lands like hillside, suitable for off-grid systems and telecom stations.

Does mibet offer a metal roof mount?

Mibet's metal roof mount offer solutions for trapezoidal and corrugated metal sheet. As for flat roof type, our roof on system can provide ballasted and concrete solutions. We provides a wide range of ground-mount solar rackings according to different terrances.
