

MRac Roof Solar PV Mounting System Matrix I Two Sides

What is MRAC roof solar PV mounting system matrix I?

MRac Roof Solar PV Mounting System Matrix I is a non-penetration solution for flat rooftop. The system achieves high wind resistance performance and fast onsite installation with concrete ballast and patented structure design. aluminum material ensure the stability and strength of the structure.

What is MRAC floating PV mounting system G4S?

MRac Floating PV Mounting System G4S is applied to solar pv power plant installation on the water. Adopting HDPE material,it has passed the Hunt Water Absorption Test,Anti-Aging Test,Anti-UV Test etc. MRac Roof Solar PV Mounting System Matrix I is a non-penetration solution for flat rooftop.

What is MRAC trapezoidal metal roof clamp solar PV mounting system?

MRac Trapezoidal Metal Roof Clamp Solar PV Mounting System is mainly applied to metal roof,and its main material is aluminium alloy. With its professional design,it can realize the perfect connection between kliploks and roof to meet customer installation requirement.

What are MRAC products?

Its products comprise of a series of high-tech ones, including Ground mounting system, Carport system, Agricultural greenhouse mounting system, Rooftop mounting system, MRac floating system, MRac distribution system.

What is MRAC ground solar PV mounting system GT7?

MRac Ground Solar PV Mounting System GT7 is applied for the installation of large-scale and utility-scale solar PV power plant. MRac Ground Terrace GT8 is a cost-effective solution applied for the installation of large-scale and utility-scale solar PV power plant.

What is MRAC ground terrace GT8?

MRac Ground Terrace GT8 is a cost-effective solution applied for the installation of large-scale and utility-scale solar PV power plant. MRac Pole Rack System is a ground PV mounting system to be applied for the installation of solar PV project on uneven lands like hillside, suitable for off-grid systems and telecom stations.
