

OPZV Tubular Gel Battery 2V1500AH

Sunway Solar

What is a solar OPzV battery?

Sealed GEL battery, no water topping up requirements through the entire lifetime. Product variants available for both vertical and horizontal placement. Sunlight OPzV range is an advanced lead-acid battery series for energy storage systems. The ideal solution for stand-by applications requiring high levels of safety and reliability.

What is sunlight OPzV?

A premium energy solution for critical stand-by applications. Exceeding DIN standards. Sealed GEL battery, no water topping up requirements through the entire lifetime. Product variants available for both vertical and horizontal placement. Sunlight OPzV range is an advanced lead-acid battery series for energy storage systems.

What are Eternity technologies OPzV batteries?

Eternity Technologies valve regulated lead-acid batteries for the solar power and renewable energy market. With an innovative Gel-Technology design Eternity Technologies OPzV batteries have a reliable maintenance-free and leakage-free construction.

Why should you choose sunlight OPzV?

The ideal solution for stand-by applications requiring high levels of safety and reliability. The Sunlight OPzV premium series employ VRLA GEL technology making this range the preferred solution for critical environments, where maintenance cost and gas emissions must be minimized. They permit high flexibility in installation.

CSBattery OPzV manufacturing facilities with wealthy experience ensure its tubular OPzV gelled batteries reliable performance, safety, outstanding battery life and value. Each cell is 100% factory tested. It can be used in float or deep ...

Supex OPzV Battery is a tubular plate gel battery, including 2V, 6V, and 12V series. It has 20 years lifespan with IEC60896 and IEC61427 certificates for your solar project ... We can offer different types of OPzV solar batteries, including ...
