

## OPzV 2V series Neata Battery

Who makes 2V OPzV batteries?

Vision Group is proudly making 2V OPzV batteries based on tubular plate technology and the fixing of the electrolyte in gel. With largest capacity from 200AH to 3000AH, our OPzV battery can meet your demanding requirements for energy storage needs.

Are powersafe OPzV batteries safe?

Long service life combined with virtually maintenance-free performance make PowerSafe OPzV one of the safest and easiest to use Valve Regulated Lead Acid (VRLA) batteries on the market. Thanks to their die cast tubular plates, PowerSafe OPzV batteries provide excellent cycling and proven long life under float conditions.

What is OPzV 2V3000ah?

OPzV 2V3000AH Keep high cycle life at 25°C (77°F), 1500 cycles at 80% DOD and 6800 cycles at 20% DOD. The battery is easy to move and handle, and it also has PVC separator, which is special for gel battery with tiny holes. Such as Solar/wind power system, standby power, UPS system, Emergency lighting, transportation, telecommunication, etc.

What is JYC OPzV battery?

JYC OPzV battery series (Tubular GEL) battery is developed tubular positive plates with fumed gelled electrolyte. Performances meet or exceed the standards specified in DIN 40742, with long design life and high deep cycling capabilities.

What is OPzV battery used for?

With largest capacity from 200AH to 3000AH, our OPzV battery can meet your demanding requirements for energy storage needs. Designed for applications with deep discharge over a long period in which maintenance-free operation is required. Application: Solar Energy, Energy Storage.

How long does OPzV 2V3000ah battery last?

The battery has wide protected operation temperature ranges of -40°C to 65°C. OPzV 2V3000AH Keep high cycle life at 25°C (77°F), 1500 cycles at 80% DOD and 6800 cycles at 20% DOD. The battery is easy to move and handle, and it also has PVC separator, which is special for gel battery with tiny holes.

Please consult customer service online or contact email: [sales@neata-batt](mailto:sales@neata-batt) ? NEATA welcomes qualified applicants to contact us and we will contact you within 2 working days. We will take the most rigorous attitude to choose more distributors to cover the lead acid battery and lithium battery market respectively.
