

Outdoor cabinet energy storage system is a compact and flexible ESS designed by Neliaxi based on the characteristics of small C& I loads. The system integrates core parts such as the battery units, PCS, fire extinguishing system, temperature control systems, and EMS systems. It can meet the capacity requirements of 100kWh~300kWh.

The energy storage cabinet is equipped with multiple intelligent fire protection systems, ensuring optimal safety. Additionally, a single system supports a maximum of eight outdoor cabinets and one DC Junction Cabinet., allowing for flexible layout options. These make the STORION-LC-372 the ideal choice for small and medium-sized businesses.
