

SDT G2 Series 17-25kW

What is a goodwe 17-25 kW SDT G2 series inverter?

The GoodWe 17-25 kW SDT G2 series inverter is especially designed for three-phase residential and small commercial projects.

What is a SDT G2 inverter?

With its compact design, the SDT G2 inverter is 45% smaller than the first generation. The inverter is also light and easy to install. The maximum efficiency of this inverter is as high as 98.4%. With an advanced ventilation system, the inverter is able to dissipate heat efficiently.

Is goodwe SDT bifacial compatible?

2nd generation of GoodWe SDT series is downsized by more than 150%. However, being compatible with bifacial modules, the competency of this half size successor is considerably improved.
