

Solar Battery 12V 100Ah H Luminous Power Technologies

How many 12V batteries do I Need?

1 12V batteries required. Luminous Solar Battery - Luminous solar tubular batteries rated use Tubular Technology and have deep cycle design. Luminous Solar Tubular Battery - These are designed to provide you longer backup when charged from solar. Extra thick plates give them more life and deep discharge protection Luminous LUMI-LPTT12100H040

What is luminous lptt12100h040?

Luminous Solar Tubular Battery- These are designed to provide you longer backup when charged from solar. Extra thick plates give them more life and deep discharge protection Luminous LUMI-LPTT12100H040 50.2 x 44 x 19.1 cm; 53 Kilograms

What is a 100% DoD battery?

If its is a 100% DoD battery,it ensures that you can use the entire battery storage capacity to power your house. When a battery has a 80% DoD,it means you can use up to only 80% of its power (e.g.,for a 150Ah solar battery,you can use it upto 120Ah before the battery needs to charge again).

How long is luminous solar battery warranty?

Luminous solar batteries warranty range between 36 months to 72 months*depending upon the battery model which comes with PAN India service assistance. Any problem faced would be handled by Luminous service professionals. Luminous has a vast portfolio of solar batteries ranging from 20Ah to 200Ah,36 month's warranty to 72 month's warranty.

How long does a solar battery last?

Luminous solar batteries come with a longer design life which offers long cycles of 1500@80% DoD and 5000@20% DoD. They come with very low maintenance offering topping up frequency of once in 8 to 10 months.

Are luminous solar batteries better than Inverter Batteries?

As compared to normal inverter batteries,solar batteries have stronger plates and more lead. Luminous solar batteries are C10 rated deep cycle batteries which offer 20% more backup,20% higher depth of dischargeand are 10% heavier as compared to other solar batteries. What is the warranty of Luminous solar batteries?
