

Solar Signature Line Flooded SSIG 12 170 Trojan Battery

Are Trojan solar batteries good?

The Trojan solar signature line of deep cycle flooded lead acid batteries provide outstanding performance day in and day out. They're designed to deliver maximum sustained performance, long life and increased energy and are ideal for off-grid, grid-tied and unstable grid environments.

Can a Trojan battery power a rural off-grid school?

In partnership with GRID Alternatives, Trojan helped bring solar power to a rural off-grid school in Mexico using Trojan deep cycle flooded lead acid batteries. Trojan solar batteries are used in residential, rural and commercial applications around the world.

What is a Trojan Battery based energy storage system?

A Trojan battery-based energy storage system can provide dependable electricity to village residents. The SPRE 06 255 deep cycle flooded lead acid battery is optimized to operate under challenging conditions like fluctuating or extreme temperatures, remote locations, and the intermittent nature of solar and wind power generation.

Where are Trojan solar batteries used?

Our solar batteries are used in residential, rural and commercial applications around the world. Remote home sites with no access to electricity often depend on off-grid renewable energy systems. Trojan's deep cycle batteries can provide a reliable, cost-effective power source to satisfy the energy needs of these homes.

What is a deep cycle Flooded lead acid battery?

The SPRE 06 255 deep cycle flooded lead acid battery is optimized to operate under challenging conditions like fluctuating or extreme temperatures, remote locations, and the intermittent nature of solar and wind power generation. Which Trojan solar battery is right for your needs?

What is a Trojan battery?

Trojan batteries are the ideal energy storage solution for these off-grid renewable energy applications, providing reliable and cost-effective power and performance.

The Solar Signature Line is designed to deliver maximum sustained performance, long life and increased energy. The cost-effective Solar Signature batteries are ideal for off-grid, grid-tied and unstable grid environments. Trojan, Signature ...
