

What is a ZCS Azzurro 3 phase inverter?

The 25KTL-V3/3PH 50KTL-V3 ZCS Azzurro three-phase inverters are the best solution for medium-sized photovoltaic systems installed in commercial and industrial buildings. The Italian technology developed by ZCS makes the Azzurro models efficient, versatile and highly functional.

What makes Azzurro a good inverter?

The Italian technology developed by ZCS makes the Azzurro models efficient, versatile and highly functional. The ability to manage up to four independent MPPTs over a wide input range and the wide variety of sizes make these inverters the most versatile solution for every application. Compact, reliable, quick to install and easy to configure.

What is a 3ph 25ktl-50ktl-v3 inverter?

Page 42 The 3PH 25KTL-50KTL-V3 inverters are three-phase output inverters that fully comply with the local grid connection requirements and safety standards. The inverters are equipped with AC output connectors with IP65 protection suitable for photovoltaic use; customers must provide their own AC output cable connections.

How many MPPTs does ZCS have?

Maximum yield 98.8% Up to 4 independent MPPTs Updates and diagnostics via USB 5 or 10 year ZCS warranty "Zero Grid Feed-in" functionality Possibility to manage reactive power Wide operating input range from 180V to 1000V MPPT DC voltage range The typical DC power does not represent a maximum applicable power limit.

What is the ZCS Azzurro app?

The ZCS Azzurro APP is free to download from Google Play and the App Store and is simple to set up. Both systems enable the creation of graphs that show production, consumption and other important data. The data is automatically updated every 5 minutes.

Where can I view the warranty terms & conditions offered by ZCS Azzurro?

To view the "Warranty Terms and Conditions" offered by ZCS Azzurro, please refer to the documentation inside the product box and on the website 131 /131 User's Manual 3PH 25KTL-50KTL-V3 Rev. 1.0 15/04/2022 Identification: MD-AL-GI-00 Rev. 1.0 of 15/04/2022 - Application: GID...

The advanced technology developed by ZCS makes the Azzurro three-phase inverters efficient, versatile and highly functional. Available in sizes from 3.3 to 136 Kw, they are easy to configure, safe and robust and able to adapt to every type of need, for both new installations and retrofitting of existing ones.

L'intera gamma di inverter ZCS Azzurro può essere facilmente monitorata tramite APP e portale ZCS. La APP ZCS Azzurro è scaricabile gratuitamente da Google Play e App Store e facilmente

configurabile. Entrambi i sistemi consentono la realizzazione di grafici indicativi di produzioni, consumi e altre grandezze fondamentali.

Inverter Trifase 3PH 25KTL-V3/3PH 50KTL-V3 Gli inverter della gamma ZCS Azzurro Trifase 25KTL-V3/3PH 50KTL-V3, costituiscono la migliore soluzione per impianti fotovoltaici di media e grossa taglia per applicazione commerciale o industriale. Grazie alla tecnologia italiana targata ZCS, gli inverter della serie Azzurro sono efficienti, versatili e performanti.
