

Can a solar roof be installed on a tile roof?

The Universal Roof Mounting System for Tile Roofs The Clenergy PV-ezRack & SolarRoof(TM) is designed for residential and commercial tile roof applications. This system allows installation on tile roofs. Robust design and high-quality materials. Corrosion resistance is achieved through anodised structural grade aluminium and stainless steel components.

What makes solarroof unique?

The unique and innovative Z-module technology enables a surprisingly quick and easy installation. SolarRoof has high-quality stainless steel roof hooks which are suitable for most types of tiled roofs. Side-mounted or landscape tile interfaces can be used to cater for special mounting needs.

What makes solarroof a good roof hook?

Corrosion resistance is achieved through anodised structural grade aluminium and stainless steel components. The unique and innovative Z-module technology enables a surprisingly quick and easy installation. SolarRoof has high-quality stainless steel roof hooks which are suitable for most types of tiled roofs.
