

# Topband 48V 100Ah Residential Energy Storage System Topband

What is a topband energy storage system?

Topband domestic energy storage system gets energy from rooftop solar power generation equipment, household wind turbines, and low-cost power of social power supply systems. This system can be used at peak times, not only meets emergency purposes, but also useful for family electricity costs saving. Safe LiFePO4 chemistry.

Who is topband battery?

Topband battery specializes in lithium iron phosphate batteries. We design, research and produce cells, BMS and LiFePO4 batteries, providing high efficient lithium battery system solutions and services for customers worldwide. Now our reliable battery system

Why should you choose topband?

With strong RD capability and rich experience, Topband provide high reliability, high precision BMS products to the customer. Rated capacity 30/50/100AH Number of strings 15/16S\* (2~10) Discharge current 15~100A Charging current 25A Voltage accuracy  $\pm 177;5\text{mV}$
