

# VRLA AGM Battery CS series CSPower Battery

What kind of batteries cspower factory offer?

CSPower factory offer long life deep cycle AGM/Gel Battery, OPzV Battery, lead carbon battery, Lifepo4 battery for PV Solar system... CSPOWER Factory: Continuous, Safe and Durable Battery For You. Batteries for Pump, Medical Equipment, Lighting....

Are VRLA batteries UL certified?

We are also ISO 9001 certified as well as CE recognized. Our VRLA batteries fall into UL 2003 MH26669. It requires that the battery is free from the hazard of bursting, that is, when the battery is overcharge the vent valve opens to release internal pressure. UL recognized types of VRLA batteries to date are listed in the following table.

What are cspower batteries used for?

CSPOWER Batteries widely used in renewable energy system, backup system and electric motive power fields. CSPower factory offer long life deep cycle AGM/Gel Battery, OPzV Battery, lead carbon battery, Lifepo4 battery for PV Solar system... CSPOWER Factory: Continuous, Safe and Durable Battery For You.

Are cspower batteries UL 924 certified?

The production quality control system has passed the SGS ISO9000 Certification. High charging efficiency and low floating charging current, can save much energy for customers during the battery life. All CSPOWER batteries are tested and certified according to UL 924, section 38 (Emergency Lights and Power Equipment).

Can VRLA batteries be charged upside down?

The VRLA batteries are designed for use in almost any position, but avoid charging the batteries in the upside-down position. The charging of the batteries in the upside-down position may cause the batteries to leak. (6) Shock and jolt to the batteries may result in damaging the batteries.

How to use cspower small batteries?

CSPOWER small batteries usually come with lead wires or connectors, they can be used independently in actual use, or used in UPS system by plug-in or soldering the terminals. For commodious battery room, the batteries can be installed on the ground or table-board in single column or more columns.

&gt; Video &gt; Characteristics OPzV Series TUBULAR GEL BATTERY LONGEST LIFE GEL BATTERY (solid-state) Voltage: 2V Capacity: 2V200Ah~2V3000Ah Designed floating service life: >20 years @ 25 °C/77 °F. Cyclic usage: 80% ...
