

XD17-12 Gel Battery

What is a renogy gel battery?

This 12V 100Ah Deep Cycle Hybrid GEL Battery is perfect for critical systems due to its ability to withstand more than 750 charge/discharge cycles at 50% DOD. Stay protected against sudden loss of mains power and ensure your vehicle or off-grid systems stay powered with Renogy's GEL batteries. Need a little more power?

Are gel batteries a good alternative to flooded cell deep cycle batteries?

Gel batteries are a maintenance-free alternative to flooded cell deep cycle batteries. They contain a silica-based gel in which battery electrolytes are suspended, allowing electrons to flow freely between plates. The nice thing about spill-proof gel batteries is that they don't leak even if the battery case is broken.

What is a deep cycle gel battery?

Deep cycle gel batteries are among the most popular types of deep-cycle batteries on the market today because they're designed with safety in mind while still providing high performance. What Is The Difference Between A Deep Cycle Battery And A Gel Battery?

What is a hybrid gel battery?

In my opinion this is the pinnacle of Hybrid GEL batteries. This battery is a sealed, valve regulated deep cycle. That means I have no worries when it comes to venting and gassing when it charges. It can handle 750 charge/discharge cycles at a 50% depth of discharge.

What are the dimensions of the ML18-12GEL battery?

ML18-12GEL is a 12V 18AH GEL rechargeable maintenance free battery with dimensions of 7.13 inches x 3.01 inches x 6.57 inches. Listing is for the Battery and Screws only. No wire harness or mounting accessories included. Factory activated GEL battery.

What is a sealed lead acid battery?

Sealed lead acid batteries are distinct from other lead acid batteries in that they are maintenance-free. Gel batteries are a maintenance-free alternative to flooded cell deep cycle batteries. They contain a silica-based gel in which battery electrolytes are suspended, allowing electrons to flow freely between plates.

Sealed lead acid batteries are distinct from other lead acid batteries in that they are maintenance-free. Gel batteries are a maintenance-free alternative to flooded cell deep cycle batteries. They contain a silica-based gel in which battery ...
